

Closing the Assessment Cycle

BY ABBEY PERKINS, ASSESSMENT COORDINATOR

LAST UPDATED 8/11/19

Should be planned by the beginning of the assessment cycle

Completed at the end of cycle

The Assessment Cycle

Findings & Resource Reflection

1. Review the information collected by your Measures. Did you meet your Targets? Explain in your Findings.
2. How do you use existing resources to meet priorities? Or, what are the priorities given existing resources?
3. Given your priorities – how well did you meet your goals?
4. How does your assessment reflect your unit's effective management of resources?

Findings & Resource Reflection (continued)

1. Does your assessment demonstrate a need for change with your resources (ex. changing focus from one task to something new, requesting a budget increase, applying for a grant, etc.)?
2. How can you generate additional resources?
3. What gaps in student learning has your department identified through assessment?

Using Assessment to Inform Next Year

1. How does this assessment cycle inform the next cycle?
2. How does this cycle's assessment data inform your resource needs for next cycle? Use the Action Plan section to document your resource needs for the next academic year.
3. What would you keep the same and what would you change? Include what you would like to change in your action plan.
 - Was your target realistic (not too low or too high)? Is it a reasonable challenge?
 - Do you want to change how your measuring an outcome or objective? Can you improve your measurements for next cycle?
 - Are there new initiatives or priorities you would like to assess in the next assessment cycle?
 - Do you want to continue the initiatives or priorities that you are already doing?

Action Plans

1. Create Action Plans for any outcome or objective that was not marked as met or exceeded (ex. not met, partially met, not measured this cycle). If a Measure wasn't reported this cycle, please include in the Action Plan when you plan to use this Measure
2. If your assessment demonstrated a need for change with your resources, include that planned change in your action plan. Some examples:
 - Shifting attention and time spent on one activity to another
 - Plans to request a budget increase or apply for a grant
 - Meet with your department to discuss course load or work load if you anticipate a change in personnel

Creating a New Cycle for your Weave Project

The screenshot shows the Weave software interface. At the top, there is a navigation bar with the Weave logo, tabs for 'Projects', 'Credentials', and 'Reports', and user information for 'Abbey Perkins'. Below the navigation bar, the 'Projects' section is displayed. A '+ Create New Project' button is highlighted with a blue box, and a blue arrow points to it with the text 'Click Here'. Below the button, there are filter options: 'Filter projects', 'Show Only', 'Assigned to you', 'Assessment', and 'Accreditation'. A table below shows a list of projects with columns for 'Title', 'Year', and 'Type'. The table contains three rows of data.

Title	Year	Type
OP Admissions	2017-2018	Assessment
IE Assessment	2017-2018	Assessment
BLAS BUIT Accounting AAS	2017-2018	Assessment

Creating a New Assessment Cycle

Projects are not automatically rolled into the next cycle year. Someone from each Project team must roll the Project forward when the Project is ready.

- On the Weave Projects' screen, select "+Create New Project" in the top right corner of the screen
- Under "What Type of Project", select "New version of existing project"
- Select the Project you want to create a new cycle for
- Click next
- DO NOT change the name of the Project
- Select the 2019-2020 from the "Reporting Period" dropdown menu

Creating a New Assessment Cycle (continued)

- Your Project in the 2019-2020 cycle will then load
- You can switch between cycle years by clicking the triangle next to the year next to your Project's name
- Make sure you are in the correct year cycle year before you enter information into your Project
- Set the Project Status in the top left corner. When you duplicate the project, it will automatically set to "not started".
- Your Supported Initiatives linkages are not carried forward into the new cycle and you will need to update the linkages for 2019-2020
- Action Plans, Target Statuses, and Findings can be carried forward if you select them to be. Remember to edit them in the new cycle.
- Project attachments will not carry forward to the new cycle, but can still be accessed in the cycle they were uploaded to.

2019-2020 Focused Strategic Initiatives

2019-2020 Focused Strategic Initiatives:
